UNITED WAY OF RENO COUNTY

ANNUAL REPORT

2023 - 2024

A NOTE FROM OUR CEO

Dear Friends and Supporters of United Way of Reno County,

As I reflect on my first few months as CEO of United Way of Reno County, I am filled with immense gratitude and excitement. This journey has already been incredibly fulfilling, thanks in large part to the remarkable team, supporters, and community members that surround me. Their dedication, passion, and commitment to our community is truly inspiring.

When I first considered joining United Way of Reno County, I was struck by the organization's mission and the passionate community of supporters behind it. Yet, like many in our community, I was unaware of the depth and breadth of the work being done. In just a short time, I've come to understand that UWRC is not only a catalyst for change but also a beacon of hope for countless individuals and families.

During my initial days here, I was astonished to discover the vast array of initiatives and partnerships that UWRC leads, or participates in, within our community. Our team is actively engaged in addressing critical issues and collaborating with local leaders and organizations to create lasting change. These thought leaders are resilient, creative and have a commitment to serving others. It is clear that the success of United Way of Reno County is rooted in their collective passion and drive. Together, we are not just meeting immediate needs but also building pathways to a brighter future for everyone we serve.

Moving forward, I am eager to share more of United Way of Reno County's story with all of you. Whether you're already familiar with our work or hearing about us for the first time, I invite you to join us on this journey. Follow our updates, engage with our initiatives, and consider how you can contribute to making a difference in our community. Together, we can continue to build a stronger, more resilient Reno County where every individual has the opportunity to thrive.

Thank you for your continued support and belief in our mission. I look forward to the journey ahead.

Warm regards,

Lacey Mills
CEO, United Way of Reno County

THANK YOU!

Earlier this year, UWRC experienced some notable staff changes.

In March, long-time UWRC Exec. Director, Lisa Gleason, moved to a new state-level position with the non-profit organization, as United Ways of Kansas State Director.

As Director of the State Association, Lisa is tasked with helping to coordinate work across the network and spearheads advocacy efforts at the state and national level to support ALICE (Asset Limited, Income Constraint, Employed) programming and policy changes.

Lisa touts a 19-year history with UWRC, beginning as a volunteer campaign chair. She then served on the Board and was later hired as the organization's first Community Impact Coordinator. She led the team as Director for six years.

In May, we celebrated Starla Wells' retirement. Starla left her role as Resource Development following a 30-year history of engagement with United Way.

From receiving UWRC funding when she was a non-profit director, to serving as Campaign Chair and on the Board, to finally becoming part of the team, Starla's numerous skills and connections in community has brought so much value to our organization and to Reno County over the years!

We are so grateful to these two women and their commitment to making our community a place where everyone can thrive!

OUR MISSION

To improve lives in Reno County by mobilizing the caring power of our Reno County Community.

OUR FOCUS AREAS

Education: Our goal is to ensure every child in Reno County enters kindergarten prepared to learn. We strive to build strong foundations for families and parents through educational resources and assistance.

Health: We are committed to ensuring that every child and family has access to affordable health services, nurturing their well-being and empowering them to embrace healthy lifestyles.

Financial Stability: Our goal is for families to gain job and income stability, learning financial tools along the way in order to thrive in our community.

Disaster Recovery: We ensure that all individuals and families affected by disasters have access to immediate assistance and long-term support services.

LEADERSHIP & IMPACT

Meet the passionate individuals at the heart of United Way of Reno County's mission. Their commitment ensures that every decision reflects our shared values and maximizes impact where it's needed most.

COMMUNITY LED INVESTMENTS

At United Way of Reno County, transparency and community input are at the core of our allocations process. Each year, a diverse group of volunteers comes together to hear presentations from our non-profit partners. These dedicated individuals carefully assess the impact and effectiveness of each program seeking funding, ensuring that your donations are allocated strategically to address the most pressing needs in our community. This thoughtful deliberation results in equitable distribution of funds that maximize our ability to create meaningful and sustainable change across Reno County.

Hutchinson Public Schools Childcare Center

United Way of Reno County supports the USD 308 Childcare Center, which serves infants and toddlers in Reno County. Last year, they cared for 37 children.

EDUCATION INITIATIVES: UNITED WAY PROGRAMS IN ACTION

Dolly Parton Imagination Library

United Way funds support the Dolly Parton Imagination Library program, which provides free, high quality, age-appropriate books to any child age 0 to 5 living in Reno County every month. Last year, 2,846 local children received books from the Imagination Library.

LEADERSHIP IN EDUCATION: TASK FORCES AND COMMITTEES

K-Ready Reno County Early Childhood Council
Reno County Childcare Task Force
Childcare Employer Collective Giving Committee

EMPOWERING EDUCATION: GRANT ADMINISTRATION

\$922,906

Early Childhood Block Grant

UWRC received a FY25 grant to enhance early childhood services for at-risk children from birth to kindergarten in Reno County schools, childcare centers, and family support agencies. The grant fosters a public/private partnership for high-quality, accessible, affordable programs.

**\$1,500,000
of \$6M**

ARPA Childcare Grant in partnership with the Reno County Childcare Task Force

The Childcare Task Force has been guiding the utilization of ARPA Childcare funds and UWRC is the fiscal agent for distributing funds in the community. In 2024–2025, a projected \$1.5M - \$2.5M in grants will be distributed to address childcare needs in our Reno County community.

INVESTMENTS IN HEALTH

In our commitment to focus on the health of our community, UWRC is steadfast in promoting access to essential healthcare services, mental wellness supports and initiatives that foster overall well-being. By partnering with healthcare providers, community organizations, and advocates, we strive to address healthcare disparities, enhance preventive care and improve health outcomes for individuals and families across our region.

BrightHouse

United Way provides support for Advocacy and Shelter Services, the Parenting Time Center and Community Awareness initiatives. Last year, the Shelter served 555 individuals and provided Parenting Time Services to 275 people. BrightHouse also provided education to 1,734 people in our community about domestic violence.

GROWING WITH HADLEY

Oliver's journey to thriving

My name is Heather Hutchinson, and I have a pride that swells every time I say, "My son, Oliver, attends Hadley Day Care Center." Our journey to Hadley was one filled with hope, luck, and the comforting knowledge that we found a place where Oliver could thrive.

Before Hadley, Oliver was in a home-based daycare that we adored. When Beth, our beloved daycare provider, decided to retire, we were heartbroken. The search for a new place was daunting, but Hadley kept appearing with glowing recommendations. We knew securing a spot at Hadley was rare, but luck was on our side—Oliver was ready to start, having conquered potty training just in time.

Since joining Hadley last year, Oliver has blossomed in ways that make a parent's heart swell with pride. He's not just learning colors; he's mastered them all. He's writing his name and other letters—there were tears when he wrote an 'H' and connected it to my name. He can count to twenty. These milestones are wonderful, but what truly matters are the life skills he's gaining—sharing, waiting his turn, social intelligence, and communication. These are the foundations that will shape his future.

For me, the decision to keep Oliver at Hadley instead of opting for a traditional preschool was surprisingly easy. The consistency and the steadfast care he receives make all the difference. As a working mom, knowing that the people nurturing my child are not just good but the absolute best is priceless. At Hadley, I drop Oliver off in the morning with the assurance that he will be happy, healthy, and safe until I pick him up.

Children spend a significant portion of their time with caregivers and educators, especially when parents work. The impact of these early years on a child's development cannot be overstated. At Hadley Day Care Center, Oliver is not just learning; he's thriving in an environment where love, care, and education go hand in hand.

As we look ahead, I am filled with gratitude for the role Hadley plays in Oliver's life and our family's journey. I know that with every day spent at Hadley, Oliver is building a strong foundation for a bright future.

BUILDING A BRIGHTER FUTURE

*Diane's journey with Reno
Connections*

Diane's life took a pivotal turn thanks to the dedicated efforts of Kelsey Davies and the Reno Connections program operated by United Way of Reno County.

Diane had faced a lifetime of hardship, grappling with chronic homelessness and disabilities. Her situation seemed dire when she found herself at Noel Lodge, where she had stayed for over 110 days without making meaningful progress. The staff, implementing a new policy to prioritize improvement among long-term guests, referred her to Kelsey, the Community Care Coordinator at Reno Connections.

Kelsey immediately began working with Diane, understanding the complexity of her needs. One of the first steps was assisting Diane in applying for disability and Supplemental Security Income (SSI). Despite the challenges, several months later, Diane received approval, marking a significant milestone towards stability.

With Kelsey's guidance, Diane moved into transitional housing at Fox Run, where she not only found a safe haven but also began receiving essential financial counseling. Recognizing the multifaceted nature of Diane's needs, Kelsey connected Diane to additional resources such as a clothing voucher, updated glasses and a new prescription, ongoing disability support through Beyond Barriers, and crucial insurance coverage.

The impact of these interventions was significant. Diane now had a stable income and was actively engaged in skill-building activities. Her journey towards permanent housing was becoming a reality, with a projected timeline of the next year or two. Throughout this transformative process, Diane continued to meet with Kelsey biweekly for check-ins, providing crucial support and monitoring her progress.

Today, Diane's story stands as a testament to the power of community and dedicated support systems like Reno Connections. Through compassionate intervention and comprehensive assistance, Diane not only found stability but also regained hope for a brighter future.

FROM STRUGGLE TO SUCCESS

The Journey of Shawn and Lesley Stunkel with Circles Reno County.

In the heart of our community, stories of resilience and transformation unfold every day. When Shawn and Lesley Stunkel first joined Circles, they faced significant challenges. Despite being employed, they struggled to make ends meet for their family of four. Their living conditions were dire—a cramped 1-bedroom, 1-bath home with a landlord who neglected necessary repairs. It was a daily struggle against adversity.

However, Circles became a turning point in their lives. Through Circle Leader training, both Shawn and Lesley acquired essential financial and life skills. They learned how to navigate their circumstances with guidance and determination. But perhaps the most impactful aspect of their journey was their match with Terri, an HCC math instructor, and Mike, a seasoned professional with expertise in business and budgeting.

Terri and Mike's mentorship provided Shawn and Lesley not only with tools but also with invaluable connections within the community. With their guidance, Shawn improved his career pathway, opening up new opportunities for stability and growth. Meanwhile, Lesley pursued her dreams, currently on track to complete her Associate Degree in Early Education at HCC this spring—an achievement that speaks volumes about her determination and commitment.

Shawn and Lesley didn't just benefit from their match; they also became champions within the Circles community. Drawing from their own experiences of living in substandard housing, they actively participated in Big View discussions, sharing insights and advocating for change. Their journey from struggling participants to confident Circle Leaders exemplifies the life-changing power of the Circles model.

Today, despite facing ongoing challenges, Shawn and Lesley's family is not just surviving but thriving. Their story is a testament to the impact of supportive relationships and the strength of community. In the coming year, we look forward to continuing to support individuals and families like Shawn and Lesley's through Circles of Hope, fostering resilience, empowerment, and lasting change. Together, we can create a community where everyone has the opportunity to thrive.

GIVE. ADVOCATE. VOLUNTEER. LIVE UNITED

At United Way of Reno County, we believe in the power of giving, advocating for change and volunteering to create a meaningful impact in our community. Through donations that fuel vital programs, advocacy efforts that drive systemic change and volunteer initiatives that strengthen our community fabric, we unite to build a brighter future for all.

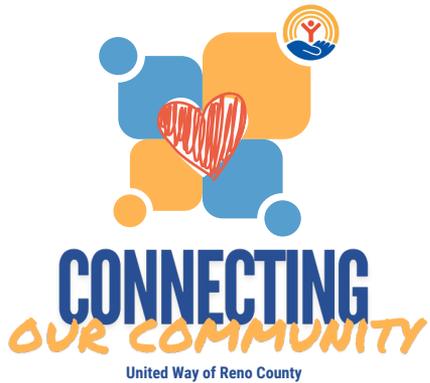

RETURN ON INVESTMENT

Every dollar donated to United Way has a multiplying impact of \$2.37. We amplify your generosity by serving as policy experts, creating efficiencies, leveraging resources and building cross-sector relationships to drive community impact. Beyond operating vital programs, we fund charitable initiatives that address our community's most pressing needs.

2024-2025 CAMPAIGN

Leading, or supporting, a United Way of Reno County workplace campaign is an opportunity to drive meaningful change within our community. By participating, you help fund essential programs and initiatives that support our neighbors in need. Your involvement not only inspires generosity but also strengthens our collective impact, ensuring a brighter future for all residents of Reno County.
